## TOWN WARRANT

State of New Hampshire

(L.S.)

To the Inhabitants of the Town of Salem, in the County of Rockingham in said State, qualified to vote in town affairs:

You are hereby notified to meet at the town house, in said town, on Tuesday, the eleventh day of March next, at twelve (12:00) of the clock noon, to act upon the following subjects:

Art. 1. To choose all necessary town officers for the ensuing year.

Art. 2. Shall the provisions of chapter 171-A of the Revised Laws relative to playing of games of beano be adopted in this town?

Art. 3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and made appropriation for the same.

Art. 4. To see if the town will vote to raise any more money for the repairs of highways than the law requires.

Art. 5. To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass on any vote relating thereto.

Art. 6. To see if the voters will authorize the Selectmen and Town Treasurer to borrow a sum or

sums not exceeding in the aggregate \$100,000 in anticipation of the collection of taxes for the current municipal year, and to issue in the name and on the credit of the Town negotiable notes therefore, said notes to be repaid during the current municipal year from taxes collected within the current municipal year.

Art. 7. To see what action the town will take relative to lighting the streets, and raise money for for the same.

Art. 8. To see if the town will vote to raise a sum of money not to exceed eight thousand five hundred dollars (\$8,500), for the purpose of providing police officers for the ensuing year.

Art. 9. To see if the town will vote to raise a sum of money not to exceed eleven thousand dollars (11,000), for the maintenance of the fire department for the ensuing year.

Art. 10 To see if the town will vote to raise the sum of twelve thousand dollars (\$12,000), or any part thereof, for snow removal and general highway expenses for the year 1952.

Art. 11. To see if the town will vote to raise the sum of eight hundred nineteen dollars and sixty-three cents (\$819.63), and apply for State Aid for Class V Highways.

Art. 12. To see if the town will raise the sum of five thousand dollars (\$5,000), or any part thereof, to provide a sinking fund for permanent improvements as provided in Chapter 160 of the Public Acts of the 1943 Legislature. Said fund shall be invested

by the Trustees of the Trust Fund until expended as provided in said Act. Said money shall be expended by the Selectmen for any or all of the purposes named in the 1944 warrant.

Art. 13. To see if the town will vote to raise the sum of two hundred dollars (\$200), or any part thereof, to maintain and improve the Town Common and the Public Square near Pine Grove Cemetery.

Art. 14. To see if the town will vote to raise the sum of two thousand five hundred dollars (\$2,500), or any part thereof, for the care and removal of deceased elm trees.

Art. 15. To see if the town will vote to raise the sum of four hundred dollars (\$400), for the control of White Pine Blister Rust.

Art. 16. To see if the town will vote to repeal the Zoning Ordinance of the town as passed by vote of May 22, 1933 and as amended by vote of March 19, 1948, and vote to accept the new Zoning Ordinance as follows: For the purpose of promoting the general welfare of the community, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout the town, the following Ordinance is hereby adopted in compliance with Chapter 51, Sections 50-71 of the Revised Laws of the State of New Hampshire.

## Art. I Administration and Enforcement

### Section 1 Salem Planning and Zoning Board

The Salem Planning and Zoning Board shall consist of five members; the Board of Select-

men and two members to be appointed by the Selectmen, one for a term of two years and one for a term of three years. Their successors shall be appointed for a term of three years. This board shall serve without pay.

### Section 2 Board of Adjustment

There shall be established a Board of Adjustment to consist of five members to be appointed by the Board of Selectmen. One member shall be appointed for a term of one year; one for two years; one for three years; one for four years and one for five years. Their successors shall be appointed for a term of five years.

Said members shall be removable by the Board of Selectmen upon written charges and after public hearing. Vacancies may be filled by the Board of Selectmen.

Meetings of said Board of Adjustment may be called by the Chairman as the Board may determine.

### Section 3 Permits

A permit in writing from the Planning and Zoning Board must be obtained for the erection, alteration or moving of any building or structure, or for the erection of any sign, or for the use of land for the storage of industrial, construction or similar equipment, or storage of combustible matter or materials, explosives or other fire menace, within the zones hereinafter set forth. Plans and specifications shall be submitted to the Planning and Zoning Commission before a permit will be issued.

#### Section 4 Exceptions

The Board of Adjustment may, in appropriate cases, under these restrictions and regulations, and subject to appropriate conditions and safeguards, make special exceptions to the terms of the regulations herein set forth, in harmony with their general purpose and intent, and in accordance with general or specific rules therein contained, and the laws of the State applicable thereto.

#### Section 5 Appeals

Appeals to the Board of Adjustment may be taken by any person aggrieved or by an officer, department, board or bureau of the Town affected by any decision of the Planning and Zoning Board. Such appeal shall be taken within ten days of the mailing date of the Board's notice of decision. Appeals for a rehearing by the Board of Adjustment, or to the Superior Court shall be in accordance with Chapter 278 of the Laws of 1949 of the State of New Hampshire.

#### Section 6 Amendment

The Planning and Zoning Board may, from time to time, amend the Zoning Ordinance, as per Chapter 51, Sections 53 and 54 of the Revised Laws of the State of New Hampshire.

#### Section 7 Remedies for Violations

In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained, or any building, structure, or land is used in violation hereof or of any

ordinance or other regulations made under authority conferred hereby, the Planning and Zoning Board may institute any appropriate actions or proceedings to prevent such unlawful action to restrain, correct or abate such violation, to prevent the occupancy of the building, structure or land, or any illegal act or use in or about such premises as provided in Section 70, Chapter 51, of the Revised Laws of the State of New Hampshire.

## Section 8 Penalties

Any person violating any of the regulations or restrictions as herein set forth, or amendments thereto, shall be subject to a fine of not more than \$20.00 for the initial violation thereof, and not more than \$20.00 for each day of such violation.

## Art. II Regulated Zones

### Section 1 Business District Zone 1

Beginning at the State Line at the Town of Methuen on the Manchester and Lawrence Boulevard known as Broadway and proceeding northerly along said Broadway, thru Salem Depot Village to a point where the Manchester and Lawrence Railroad crosses the old Turnpike Road; also beginning on Main Street, so-called, at a point at the easterly boundary of the original carbarn, so-called, and proceeding westerly along said Main Street to the junction of Main Street and Pleasant Street and continuing in a southerly direction along Pleasant Street to Hall's Corner, so-called.

## Section 2 Residential District Zone 2

Residential District Zone 2 shall consist of all that land contained within the Salem limits not included in Zone 1.

## Art. III Protective Regulations

### Section 1 General

No portion of any tract of land in said Zones which shall front upon any street or be bounded by any river, brook, or other body of water shall be used for a dump or place for refuse, waste or junk of any kind; nor for the storage of abandoned vehicles, machinery, tools or equipment of any kind; nor used in a manner that is disorderly, unsightly, noxious, offensive, or detrimental to the public, or the owners or occupants of adjacent property, or prejudicial to the general welfare of the community.

No owner or occupant of land fronting on any of the streets in said Zones shall permit the exterior of any building, or other structures, or fire ruins to be left unfinished or incomplete thereon, but shall finish or complete, or remove the same within a reasonable time as determined by the Planning and Zoning Commission.

All buildings and other structures within the Zones herein set forth shall comply in all respects with the State law and with the regulations of the New Hampshire Board of Fire Underwriters and with the sanitary rules set forth by the Board of Health.

All buildings hereinafter erected, constructed, shall be set back from the street line at

least twenty feet and no building shall be erected or constructed within five feet of the lot line except by special permit from the Planning and Zoning Board.

The erection of signs in said Zones shall be subject to such conditions as to size, design, and number in any one location as shall be determined by the Planning and Zoning Board. Plans and drawings of such signs shall be submitted prior to the granting of a permit. No sign shall be erected or maintained in violation of these provisions.

Art. 17. By request of the Library Trustees. To see if the town will vote to raise the sum of two thousand fifty dollars (\$2,050), or any part thereof, above the amount required by law, for the support of the Salem Free Public Library for the year 1952.

Art. 18. By request of Cemetery Trustees. To see if the town will vote to raise a sum of money not to exceed one thousand five hundred dollars (\$1,500), to be expended in the care of walks, drives and vacant lots in Pine Grove Cemetery.

Art. 19. By request of Ernest W. Young Post, American Legion, and Salem Memorial Post, Veterans of Foreign Wars. To see if the town will vote to raise the sum of four hundred and fifty dollars (\$450), or any part thereof, for use of the above Veteran's organizations, to be expended in the observance of Memorial Day in the year 1952.

Art. 20. By request of Joseph Martin and others. To see if the town will vote to gravel and tar the road at Captain's Pond, beginning at the end

of the present black top road and continuing to the residence of Leo Dufault, and raise money for the same.

Art. 21. By request of Wilfred Pare and others. To see if the town will vote to continue the gravel and tar road on Brookdale Road from the residence of Percy Powell to the No. 7 schoolhouse corner, so-called, or any part of this distance and raise money for the same.

Art. 22. By request of Earl Shipp. To see if the town will vote to gravel and tar Ann Avenue from the corner of Seed Street for a distance of two hundred feet and raise money for the same.

Art. 23. By request of Charles F. Morrill and others. To see if the town will vote to gravel and tar Summit Street and raise money for the same.

Art. 24. By request of William D. Cornwell and others. To see if the town will vote to grade, gravel and tar Cornwell Court, extending approximately six hundred feet from Pleasant Street, and raise money for the same.

Art. 25. By request of Daniel Gilmore and others. To see if the town will vote to accept McGregor Avenue from Policy Street to the residence of Maurice Howard and raise money to gravel and tar all or any part of this distance.

Art. 26. By request of Rene W. Perron and others. To see if the town will vote to gravel and tar the north end of Benning Avenue in Noyes Terrace and raise money for the same.

Art. 27. By request of Leo J. Bernier. To see if the town will vote to gravel and tar Otis Avenue from Pattee Road to Senter Street and raise money for the same.

Art. 28. By request of Emil Weiszeck and others. To see if the town will vote to gravel and tar the road leading from Lawrence Road to the residence of Michael Weiszeck and raise money for the same.

Art. 29. By request of Joseph Sevigny. To see if the town will vote to gravel and tar Westchester Avenue leading from South Broadway to Granite Avenue and raise money for the same.

Art. 30. By request of Harry Palais and others. To see if the town will vote to gravel and tar Sunset Road and raise money for the same.

Art. 31. By request of David Webb and others. To see if the town will vote to install a street drain on Merrill Avenue and raise money for the same.

Art. 32. By request of Stephen Najuch and others. To see if the town will vote to accept Park Avenue from where the black top road now ends to the residence of Arthur E. Lambert.

Art. 33. By request of Fred Boland. To see if the town will vote to accept Park Street from Policy Street to the residence of John Huskey.

Art. 34. By request of Mr. and Mrs. Maurice Arlequeenw and others. To see if the town will vote to accept Taylor Street leading from Route 111 for a distance of one quarter mile.

Art. 35. By request of Nash Garabedian. To see if the town will vote to accept Jacob Street as a public highway.

Art. 36. By request of William Dunbar. To see if the town will vote to accept Dunbar Avenue as a public highway.

Art. 37. By request of William Dunbar. To see if the town will vote to install one street light on Dunbar Avenue and raise money for the same.

Art. 38. By request of Joseph E. Emidy. To see if the town will vote to install one street light at the residence of Joseph E. Emidy and raise money for the same.

Art. 39. By request of Franklin Joy and others. To see if the town will vote to install one street light at the corner of Policy Road and Woodland Terrace and raise money for the same.

Art. 40. By request of Mrs. Paul Garabedian and others. To see if the town will vote to install eight street lights on Salem Street and raise money for the same.

Art. 41. By request of John N. DeSpencer and others. To see if the town will vote to install three street lights on Pond Street starting near the residence of Wilfred Gingrass to the residence of Robert J. Boyd and raise money for the same.

Art. 42. By request of Gustave Bohne and others. To see if the town will vote to install five street lights from Wilson's Corner to Merrill's Cor-

ner and three street lights from Merrill's Corner east on Liberty Street to the Haverhill line, and raise money for the same.

Art. 43. By request of Antonio Castricone. To see if the town will vote to install one street light at the corner of Brady Avenue and Lowell Road and raise money for the same.

Art. 44. By request of Frank J. Barton and others. To see if the town will vote to install one street light at the corner of Policy Road and Lowell Road and raise money for the same.

Art. 45. By request of the Millville Associates and others. To see if the town will vote to install four street lights or more at Little Saugus, situated on the shore of Millville Lake, and raise money for the same.

Art. 46. By request of Russell Gladwin and John Baketel. To see if the town will vote to widen the bridge on Bridge Street and raise money for the same.

Art. 47. By request of Gustave Bohne and others. To see what action the voters can take to increase the daily racing fee of Rockingham Race Track.

Art. 48. By request of Salem Board of Trade. To see if the town will vote to instruct the Selectmen to choose a committee of five to clarify some of the names of streets, and if necessary, add new names to be registered with the Town Clerk.

Art. 49. By request of Clarence W. Merrill and others. To see if the town will accept from the Salem Christmas Lighting Committee electrical equipment and other decorations which have been used for decorating Salem Depot area and estimated to be valued at one thousand dollars (\$1,000).

Art. 50. By request of Warren Ebert and others. To see if the town will vote to raise the sum of five hundred dollars (\$500), or any part thereof, to be expended for maintenance and extension of the Christmas lights.

Art. 51. By request of Spurgeon W. Smith. To see if the town will vote to authorize the Moderator to appoint a committee to draw up a set of by-laws for the town.

Art. 52. By request of Spurgeon W. Smith. To see if the town will vote to authorize the Moderator to appoint a committee to investigate the advisability of the town adopting the provision of the General Laws covering Zoning.

Art. 53. By request of Mrs. Charles W. Bonney. To see if the town will vote to accept one hundred dollars from Mrs. Charles W. Bonney as a perpetual fund, the interest to be expended in the care of the Charles W. Bonney lot in Pine Grove Cemetery.

Art. 54. By request of John A. Pattee. To see if the town will vote to accept one hundred dollars from John A. Pattee as a perpetual fund, the interest to be expended in the care of the George Pattee lot in Pine Grove Cemetery.

Art. 55. By request of Leonard B. Peever. To see if the town will vote to accept one hundred dollars from Leonard B. Peever as a perpetual fund, the interest to be expended in the care of the Leonard B. Peever lot in Pine Grove Cemetery.

Art. 56. By request of Mrs. Eliza Currier. To see if the town will vote to accept one hundred dollars from Mrs. Eliza Currier as a perpetual fund, the interest to be expended in the care of the Frank B. Currier lot in Pine Grove Cemetery.

Art. 57. By request of Mrs. Fannie Cornwell. To see if the town will vote to accept one hundred dollars from Mrs. Fannie Cornwell as a perpetual fund, the interest to be expended in the care of the William B. Cornwell lot in Pine Grove Cemetery.

Art. 58. By request of Paul Garabedian. To see if the town will vote to accept one hundred dollars from Paul Garabedian as a perpetual fund, the interest to be expended in the care of the Jacob Garabedian lot in Pine Grove Cemetery.

Art. 59. By request of George Fish. To see if the town will vote to accept one hundred dollars from George Fish as a perpetual fund, the interest to be expended in the care of the George Fish lot in Pine Grove Cemetery.

Art. 60. By request of Ida C. Stevens Est. To see if the town will vote to accept one hundred dollars from the Ida C. Stevens Est. as a perpetual fund, the interest to be expended in the care of the Ida C. Stevens lot in Pine Grove Cemetery.

Art. 61. By request of Annie M. Stevens Est. To see if the town will vote to accept one hundred

dollars from the Annie M. Stevens Est. as a perpetual fund, the interest to be used as a flower fund for the Annie M. Stevens lot in Pine Grove Cemetery.

Given under our hands and seal this twenty-third day of February, in the year of our Lord nineteen hundred and fifty-two.

## DIVISION OF MUNICIPAL ACCOUNTING

### STATE TAX COMMISSION

Concord, New Hampshire

November 5, 1951

Board of Selectmen  
Salem, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual audit and examination of the accounts of the Town of Salem which was made by this Division in accordance with the vote of the Town. This audit covered the period from August 31, 1950, date of the previous audit, to October 10, 1951. Exhibits as hereafter listed are included as part of the report which is made in two sections as follows:

Section I—Fiscal Year Ended December 31,  
1950

Section II—Period January 1st to October 10th,  
1951

### SCOPE OF AUDIT

Included in the audit and examination were the accounts and records of the following officials and departments:

Board of Selectmen  
Town Treasurer  
Tax Collector  
Town Clerk

Trustees of Trust Funds  
 Water Works  
 Municipal Court  
 Library  
 Pine Grove Cemetery  
 200th Anniversary Committee

## FINANCIAL STATEMENTS

Comparative Balance Sheets—Dec. 31, 1949-Dec. 31, 1950: (Exhibit A)

Comparative Balance Sheets as of December 31, 1949 and December 31, 1950, are presented in Exhibit A. As indicated therein, the Net Debt decreased by \$16,169.63 during 1950.

Analysis of Change in Financial Condition: (Exhibit B)

The factors which caused the change in financial condition were as follows:

### Decreases in Net Debt

Deficiency Appropriation a/c Prior Year	\$10,000.00	
Budget Surplus	4,917.59	
Water Bonds Paid	4,000.00	
Increases of Cash in Hands of Officials	55.31	
	<hr/>	\$ 18,972.90

### Increases in Net Debt

Transfer of Tax Liens to Tax Deeds	\$ 151.58
------------------------------------	-----------

Decrease in Accounts		
Receivable	2,651.69	
	<hr/>	2,803.27
Net Decrease		<hr/>
		\$ 16,169.63

#### Comparative Statements of Appropriations and Expenditures—

#### Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1950, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net revenue surplus of \$11,536.42, less a net overdraft of appropriations of \$6,618.83, resulted in a net budget surplus of \$4,917.59.

#### Summary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1950, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance, as of October 10, 1951, is indicated in Exhibit N.

### AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with

supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

### GENERAL COMMENTS

#### Water Department:

A summarized statement of receipts and expenditures of the Water Department for the years of 1949 and 1950 is shown herewith:

RECEIPTS	1949	1950
Residential and Industrial Sales	\$ 23,698.80	\$ 30,081.17
Miscellaneous Sales and Job Work	12,438.51	7,095.33
Town Appropriation	9,656.40	7,500.00
Total Receipts	\$ 45,793.71	\$ 44,676.50
Balance—Beginning of Year	14,009.86	6,313.79
Grand Total	\$ 59,803.57	\$ 50,990.29

#### Expenditures

Operating Expenses	\$ 9,374.26	\$ 9,627.81
Distribution Expenses	17,934.00	24,139.14
Other Expenses	3,209.81	3,712.16
New Construction	15,237.71	

Debt and Interest	7,734.00	7,458.25
Total Expenditures	\$ 53,489.78	\$ 44,937.36
Balance—End of Year	6,313.79	6,052.93
Grand Total	\$ 59,803.57	\$ 50,990.29

It is noted that in 1949 and 1950, the Town made appropriations for the Water Department as follows:

1949—\$9,656.40

1950—\$7,500.00

In 1951 no appropriation was made by the Town.

During the next few years, the annual debt and interest payment on the Water Bonds will be approximately \$7,000.00 a year. From present indications, it seems doubtful if the Water Department can continue to meet operating and distribution expenses as well as debt service requirements out of water revenues. It is suggested therefore that consideration be given to the matter of supplementing present revenues by one of these methods:

- (1) Payment of a hydrant rental charge by the Town to the water Department. This is the procedure generally followed by Towns which have municipally owned water systems.
- (2) Increase in water rates.
- (3) Inclusion in the Town budget of an appropriation for debt and interest payments on Water Bonds.

### Surety Bond for Office Clerk:

Inasmuch as Mr. Earle Magoon, in connection with his office duties, receives tax payments and motor vehicle permit fees, it is suggested that he secure two separate surety bonds made out as follows:

- (1) Earle Magoon to Walter S. Woodbury, Tax Collector
- (2) Earle Magoon to John Gonnarn, Town Clerk

### Conclusion:

The accounts and records of all town officials were found in good condition and the accounting procedure conformed to the uniform methods prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report. This letter of transmittal should be included in its entirety but the inclusion of Exhibits is optional.

We extend our thanks to the officials of the Town of Salem for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER  
Director  
Division of Municipal Accounting, State Tax Commission

HERBERT E. HUNT  
ALAN R. MATTHEWS  
Auditors

HUGH J. CASSIDY

CERTIFICATE OF AUDIT

This is to certify that we have audited the accounts and records of the Town of Salem for the fiscal year ended December 31, 1950, and the period from January 1st to October 10, 1951, and found them to be in good order. In our opinion the Exhibits included herewith reflect the true financial condition of the Town, together with the results of operations for the fiscal year ended December 31, 1950.

Respectfully submitted

## REPORT OF FIRE DEPARTMENT

I hereby submit the report of the Salem Fire Department for the year 1951.

There were seventy alarms answered during the year, which was fifty less than the previous year, with a total fire loss of \$22,120.00.

All equipment is in good condition.

I wish to thank the people of Salem for their help during the past year.

ROBERT V. EBERT  
Fire Chief

## PUMPING RECORD FOR YEAR 1951

January	10,316,000
February	10,310,000
March	11,667,000
April	11,345,000
May	14,768,000
June	15,435,000
July	17,850,000
August	22,245,000
September	18,172,000
October	20,538,000
November	15,227,000
December	14,809,000
Total	182,682,000
Daily Average for 1951	500,498
Shortest Day, Jan. 21	292,000
Longest Day, July 26	973,000
Total Hours of Pumping	3779

## Activities of Water Dept. for year 1951

Installed 66 new services complete  
 Changed over 38 old services to copper  
 Overhauled both new and old engines  
 Replaced and installed 4 new hydrants  
 Rebuilt and installed new screens at lake  
 Installed 4-6 inch gates  
 Repaired 14 breaks on mains  
 Installed 4635 feet  $\frac{3}{4}$  inch Copper  
 Installed 258 feet 1 inch Copper  
 Installed 121 feet  $\frac{3}{4}$  inch Gal.  
 Installed 171 feet  $1\frac{1}{4}$  inch Gal.  
 Installed 89 feet  $1\frac{1}{2}$  inch Gal.  
 Installed 824 feet 2 inch Gal.

There are about 29 miles of Mains in the Town consisting of 1156 feet of 1 inch, 3567 feet of  $1\frac{1}{2}$

inch, 19698 feet of 2 inch, 3418 feet of 4 inch, 85064 feet of 6 inch, 5289 feet of 8 inch, 8976 feet of 10 inch, and 25663 feet of 12 inch.

There are 160 Hydrants, 103 with Gates and 57 without.

# OFFICERS OF THE SCHOOL DISTRICT OF SALEM

## BOARD OF EDUCATION

Name	Term Expires
Clarence W. Merrill, Chairman	1952
George W. Higgins	1953
Marjorie Roulston	1954

Name	Title
Charles Seifert (elected annually)	Moderator
John C. Gonnarn (elected annually)	District Clerk
Richard K. Bodwell (elected annually)	District Treasurer
Clarence W. Merrill (appointed)	Truant Officer
Jonathan A. Osgood	Superintendent of Schools

## SCHOOL WARRANT

To the Inhabitants of the School District in the town of Salem qualified to vote in district affairs:

You are hereby notified to meet at the Veterans Memorial Auditorium in said district on the fifteenth day of March 1952, at 1:30 o'clock in the afternoon to act upon the following subjects:

Art. 1 To choose a Moderator for the coming year.

Art. 2 To choose a Clerk for the ensuing year.

Art. 3 To choose a Member of the School Board for the ensuing three years.

Art. 4 To choose a Treasurer for the ensuing year.

Art. 5 To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

Art. 6 To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Art. 7 To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

Art. 8 To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the appli-

cation against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Art. 9 To see if the District will vote to construct and equip an addition to the Salem Central School; to authorize the School Board to execute any and all contracts or agreements necessary and proper, or advisable, in connection with the construction, and authorize the School Board to issue bonds or notes in an amount not to exceed forty-seven thousand dollars (\$47,000), payable from funds to be raised by taxation, for the purpose of financing the project.

Art. 10 To see if the District will vote to raise and appropriate \$2,000 for operating additional classrooms to the Central School.

Art. 11 To see what sum of money the District will vote to raise and appropriate to provide, equip and operate additional classrooms for the 1952-53 school year.

Art. 12 To see if the District will vote to construct and equip a shop area approximately 25 feet by 60 feet on the east side of the Veterans Memorial Auditorium; to authorize the School Board to execute any and all contracts or agreements necessary and proper, or advisable, in connection with the construction, and authorize the School Board to issue bonds or notes in an amount not to exceed twenty-five thousand dollars (\$25,000) payable from funds to be raised by taxation, for the purpose of financing the project.

Art. 13 To see what sum the District will vote to raise and appropriate to employ a teacher and operate a school shop.

Art. 14 To see if the District will vote to raise and appropriate \$75.00 for a State audit of the School District books.

Art. 15 To see if the District will vote to adopt the Teacher's Salary Schedule as printed on the pages immediately following this Warrant.

Art. 16 To see if the district will authorize the School Board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal or State Agencies, or local or private agencies.

Art. 17 To see if the district will vote to elect its school district officers by an official ballot and to adopt the Non-partisan Ballot System as provided in Sections 112-120 of Chapter 34, of the Revised Laws for such election.

Art. 18 To transact any further business that may legally come before the meeting.

Given under our hands at said Salem this' eleventh day of February, 1952.

CLARENCE W. MERRILL  
GEORGE W. HIGGINS  
MARJORIE L. ROULSTON  
School Board

## Proposed Salary Schedule For Teachers School District of Salem

To Be Effective September, 1953-54

### CLASSIFICATION

Each teacher will be classified in one of three groups on the basis of educational qualifications. Those who have a Master's degree or equivalent will be in Group One; those with a Bachelor's degree, in Group Two; and those with no degree, in Group Three.

### BASIC SALARY SCHEDULES

These schedules apply to elementary and secondary teachers alike and merely set the minimum figure. If a noticeable rise in cost of living occurs in any one year, or other circumstances warrant, the School Board may recommend an additional increase.

Step 1	Master	Bachelor	No Degree
1st Year	2600	2400	2200
2nd Year	2700	2500	2300
3rd Year	2800	2600	2400
4th Year	2900	2700	2500
5th Year	3000	2800	2600
6 hours' professional study or approved equivalent for:			
6th Year	3200	3000	2800
7th Year	3300	3100	2900
8th Year	3400	3200	3000
9th Year	3500	3300	3100
10th Year	3600	3400	3200
6 hours' professional study or approved equivalent for:			
11th Year	3800	3600	3400

All salaries under these schedules shall begin as of September first in each year, and payments shall be made bi-monthly for a period of twelve months.

Previous years of teaching experience in other communities shall be credited for this schedule provided a teacher has not been away from the profession for more than three years. For each year over three years the teacher shall lose one year's teaching experience.

A new teacher coming into the Salem system for the first year regardless of experience shall not fall under this schedule except as to 1st year minimum figure.

Ten years' teaching experience shall be considered the equivalent of a Bachelor's degree.

To qualify for the increases in the 5th to 6th year and the 10th to 11th year the teachers in the District should have the 6 hours of professional study approved by the Superintendent.

#### PRINCIPALS—HEAD TEACHERS

An additional sum of \$200 will be paid annually to each elementary school principal. The principal of an elementary school is defined as a teacher who has three (3) or more teachers under his or her jurisdiction.

Head Teachers shall receive an additional sum of \$100 annually.

This salary schedule shall not apply to the secondary school principal or the principal of the Central School.

## COACHES and DIRECTORS of MAJOR SPORTS and SPECIAL TEACHERS

Increments shall be added at the direction of the School Board.

## EXTRA-CURRICULAR ACTIVITIES

It is assumed that within every salary \$100 is included for work in extra-curricular activities.

## SICK LEAVE

Each year a teacher is entitled to 10 days of sick leave. This is accumulative to 30 days, beginning with the year 1953-54. In case of extended sickness, the teacher must present evidence substantiating the sick leave.

After expiration of sick leave, the substitute will receive \$10 per day deducted from the salary of the regular teacher for the rest of the school year.

## OUTSIDE EMPLOYMENT

No teacher may have outside employment from the opening of school until the close of school unless with the express consent of the Superintendent.

## BUDGET WORK SHEET

This is a presentation of the budget work sheet upon which your School Board has been operating during 1951-52 and their estimated expenses for the year 1952-53. It must be taken into consideration that monies appropriated in the month of March, to be used the following year do not necessarily correspond in individual items, because of the impossibility of projecting the rising price indexes twelve months hence.

### SALEM SCHOOL BOARD

	Expended 1950-51	Appropriated 1951-52	Proposed 1952-53

\* These amounts (\$3000 each) offset each other; they represent Federal Reimbursements for the School Lunch Program, and in no way affect the amount to be raised by the Town.

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

October 31, 1951

CERTIFICATE OF AUDIT

This is to certify that we have audited the accounts and records of the Salem School District for the fiscal year ended June 30, 1951 and found them to be in good order. In our opinion the Exhibits presented herewith reflect the true financial condition of the School District, together with the results of operations for the fiscal year ended June 30, 1951.

Respectfully submitted,

HAROLD G. FOWLER

Director

Division of Municipal Accounting,  
State Tax Commission.

Alan R. Matthews, Auditor

Hugh J. Cassidy, Accountant

## FINANCIAL REPORT

OF THE SALEM SCHOOL DISTRICT FOR THE  
FISCAL YEAR BEGINNING JULY 1, 1950 AND  
ENDING JUNE 30, 1951

### CERTIFICATE

This is to certify that the information contained in this report was taken from official records and is complete and correct to the best of my knowledge and belief. The accounts are kept in accordance with Section 24 of Chapter 82 of the Revised Laws of New Hampshire 1942, and upon forms prescribed by the State Tax Commission.

## PROPOSED SCHOOL BOARD BUDGET FOR 1952-53

### ADMINISTRATION

**1. Salaries of District Officers** Include salaries of the school board and other district officers, except truant officers. \$1,329.00

**2. Superintendent's Salary (Local share)** Include the part of the superintendent's salary apportioned to the district and paid to the treasurer of the supervisory union. \$2,619.52

**3. Tax for State Wide Supervision** Include the per capita tax for state wide supervision. \$2,018.00

**4. Salaries of Other Administrative Personnel** Include salaries or wages paid to clerks, stenographers, office assistants, telephone operators, etc., who assist the administrative officers. Include salary of both the truant officer and persons making the annual enumeration of children. \$2,412.77

**5. Supplies and Other Expenses** Record expenditures for travel, telephone, and for supplies of materials used for administration as well as freight and cartage thereon. The usual supplies are ink, pencils, carbon paper, printed forms, vouchers, ledgers, and other materials which when once used are actually consumed, or do not usually last more than five years. \$1,471.17

### INSTRUCTION

**6. Salaries of Teachers and Principals** Report the salaries of supervisors, headmasters, principals,

teachers, librarians, visiting teachers, and all other workers who devote at least one half of their time to instructional activities. Include supervisors of such subjects as art, manual arts, music, drawing, etc. \$111,100.00

**7. Books and other instructional aids.** Record the cost of books furnished to pupils. Include the costs of purchasing films, film strips, pictures, charts, maps, phonograph records, sheet music, globes, small musical instruments, and other instructional aids that last more than two years. If a particular workbook is used as a textbook over a period of several years it should be considered a textbook for accounting purposes. \$4,000.00

**8. Scholars' Supplies** Supplies are those items which when once used are actually or constructively consumed, including writing paper, drawing paper, blank books, workbooks, chalk, pencils, pens, fasteners, carbon paper, rubber stamps, typewriting supplies, newspapers and magazines, test tubes, litmus paper, polishing and abrading supplies, drugs, cleansers, food and laboratory supplies. \$5,000.00

**9. Salaries of Clerical Assistants** Record salaries of clerical assistants assigned to supervisors, principals, headmasters, and other instructional staffs. \$936.00

**10. Other Instructional Expenses** Include expenditures for diplomas, commencement exercises, assembly speakers, repair and replacement of maps, reference books, flags, flag ropes, flag staffs, rentals of instructional materials, testing services, travel and telephone service. Freight and cartage on these materials should be included. \$2,985.00

## OPERATION OF SCHOOL PLANT

**11. Salaries of Janitors** Include the salaries of janitors, engineers, and helpers involved in keeping the physical plant open and ready for use. This includes the regular work of cleaning, heating, cost of moving furniture performed by the janitors or their helpers. \$11,156.00

**12. Fuel** Include fuel for heating as well as freight, cartage and other expenses of delivery. \$6,800.00

**13. Water, Light, and Other Expenses** Include water, and light, power for the operation of ventilation equipment, but not for power for manual training departments. Include building and janitors' supplies which are consumed in using, or not expected to last from year to year; for example, electric light bulbs, toilet supplies such as soap, paper cups and towels, sweeping compounds, brooms and mops. \$3,000.00

## MAINTENANCE OF SCHOOL PLANT

**14. Repairs and Replacements** Report materials for resurfacing floors, painting, replacing broken windows, etc., and all repairs to mechanical equipment such as plumbing, heat, light, ventilating and repairs to pipe lines, pipe line tunnels between buildings and to service systems such as central heating plants. Include repairs and replacements of equipment not built into the building such as desks, chairs, typewriters, and all special equipment for commercial, agricultural, home economics and trade subjects. Include charges for labor not performed by the regular custodian staff. Some school

systems will want separate accounts for educational equipment for certain subjects. \$7,392.00

## AUXILIARY ACTIVITIES

**15. Health Supervision** Record all expenditures for medical, dental, and nurse service in the nature of inspection, treatment, weighing etc., which is not direct instruction. Include all supplies, travel, conference and other expenses. \$3,250.00

**16. Transportation of Pupils** Include expenditures for transportation furnished by privately or publicly owned or maintained systems. Exclude expenditures for capital outlay for new equipment. Include bus or carfares. \$12,470.00

**17. Tuition** Include all tuition payments and all charges in lieu of tuition. 0

**18. Special Fund Activities** Include expenditures for other auxiliary agencies and coordinate special activities with revolving funds not included in the classifications elsewhere in this schedule such as: school lunch program, athletics, class and organization dues, shop supplies, home economics supplies and training programs. The total annual expenditures of these activities must be included. The total annual income for these activities must be included on the receipts side of the financial report. Cash balances at the beginning and end of the school year of all special activities must be totaled with the School Account for the Financial Report.

REGULAR ACCOUNT \$1,650.00

**18 (a) SCHOOL LUNCH PROGRAM**

REIMBURSEMENTS	\$3,000.00
----------------	------------

**FIXED CHARGES**

**19. State Retirement** Record all payments of the district's shares to the Teachers Retirement Board and State Employees Retirement Board.

\$7,313.27

**20. Insurance, Bonds, and Expenses** Include expenditures for insurance, treasurer's bond, bonds for other personnel, rent of buildings for school purposes, pensions, membership fees, taxes, etc.

\$2,135.00

**CAPITAL OUTLAY**

**21. Lands and New Buildings** Include expenditures such as: cost of land, surveying, appraisements, deeds, special legal services, architects fee, grading, cost of new walks, fences, drives, building including heating, lighting, ventilation, and plumbing, and any other installation cost that forms part of the new building.

\$348.12

**22. Additions and Improvements to Property** Include expenditures for adding new facilities, such as: additional classrooms, auditorium, gymnasium, flag poles, athletic fields, playgrounds, grading, or completion of unfinished portions of a building. Include all repairs and alterations which increase the value or efficiency of the property.

\$5,694.00

**23. Equipment** Include the purchase of all equipment made prior to the opening of a new

school building or department. Also include new units, not replacements, and the increased value of the new equipment over replaced equipment. The lifetime of the new equipment to be recorded here must extend over a period of years for such items as portable blackboards, bookcases, chairs, desks, filing cabinets, refrigerators, manual training machinery, work benches, motion picture machines, pianos, sewing machines, science equipment, school busses, fire extinguishers, and typewriters. Include equipment purchased for administrative use. \$2,311.00

**24. Payments into Capital Reserve Fund** Include all monies appropriated under special articles in the warrant for capital reserve funds. 0

## DEBT, INTEREST AND OTHER CHARGES

**25. Payments of Principal of Debt** Include here payments of bonds or notes. Do not include payments upon overdue current bills or debts contracted by the school board without the authority of the district. Include only the payments of legal obligations of the district. \$12,000.00

**26. Payments of Interest on Debt.** Include all interest payments on debts contracted by the district. Do not include payment of interest for overdue current obligations. \$ 3,900.00

---

## REPORT OF THE BOARD OF EDUCATION FEBRUARY 1, 1952

### TO THE CITIZENS OF SALEM:

The Salem Board of Education is very pleased at this time to report to the citizens of Salem, relating to the maintenance of the school buildings and of our recommendations for the school system for the coming years, plus what your Board of Education did as to attending educational meetings throughout the town and State.

The following repairs and/or changes have been made in the respective schools:

#### No. 1 School:

- A. New sink, with four faucets and two fountains (instead of one compartment sink used there previously)
- B. Annex, added wash-bowl (none here previously)
- C. General Cleaning
- D. New electric service entrance

#### No. 4 School:

- A. New thresholds and panels in door
- B. General Cleaning

No. 6 School:

- A. New toilet installed
- B. Painted exterior of building, two coats
- C. Replace water bubbler
- D. Installed outside light
- E. P. T. A. installed new clothing rack
- F. General Cleaning

No. 8 School:

- A. New urinal
- B. With cooperation of P. T. A. installed four additional washbowls and two fountains (only 1 washbowl and 1 fountain previously)
- C. New roof on the back side of the building
- D. General Cleaning

No. 9 School:

- A. New tar and gravel roof
- B. General Cleaning

Woodbury High School:

- A. Heating system, as a result of special articles including revision of hot water system

B. Painting stairways

C. Painting of cement floors

D. General Cleaning

Future Planning and General Items:

A. Floors to be covered or replaced with new wood—No. 6, No. 8,—Entrance of No. 1

B. New boiler at the No. 6 School

C. Change over to oil burning equipment

D. Interior painting of all schools

E. More hot-topping and leveling around all buildings

In the process of studying and planning and improving the educational opportunities for the boys and girls of Salem, the Board of Education members have attended several conferences in surrounding areas. The Board was represented at several such gatherings as (1) Legislative hearings at Concord during the past session. (2) The N. E. Conference of School Development Council at Harvard. Many times your Board members have visited your school buildings to inspect improvements which have been made, and to study the many need which still exist. All Board Members have attended the many meetings of the Supervisory Union No. 55 Board which includes the towns of Hampstead, Atkinson, Plaistow, Newton, and Salem.

Although we realize the many improvements that are needed in the Salem Schools, the Board this

year recommends to the voters that we try to complete or start the following projects in our school system:

- A. Four additional classrooms to be added to our new Central School.

This program of expansion is needed in September 1952 to maintain our policy of not overcrowding our classrooms. These needs are brought out by our very **recent** and **correct** census figures of all children in Salem under the age of 17 as of Sept. 1951.

- B. Manual training in our school system has been needed for many years, and this year the Board has inserted an article in the Warrant for you voters to act upon. The Board recommends that this article be passed, as we are one of only fifteen schools in our state that do not have manual training in our schools; many high school and junior high school boys need this part of their school in years to come.
- C. Thirdly, the Board recommends that the town adopt a salary schedule for teachers. We feel that in fairness to the teachers and also to School Boards in years to come, that the article in the Annual School District Warrant pertaining to this subject should be passed. We find that many towns have a district-adopted schedule and it has proven most satisfactory compared to our method of each year's School Committee deciding the teachers' salary for the coming year.

In the "thank you" column the Board wishes at this time to publicly thank the various clubs, organizations and groups that added so much to our school system during the past year, both in suggestions, materials, and in finances. We, the members of your school board, feel that this year we have had the full support of all organizations in Salem. This feeling gives us the incentive to lead the way toward better schools in Salem. We are very grateful for your support.

The V. F. W. and Auxiliary have again this year provided all the free milk to underprivileged children of Salem, other than those in the No. 4 School; this North Salem area has received free milk for needy children through the efforts of the North Salem Parent Teacher Association. This program runs into hundreds of dollars and is a great gesture to the children of Salem from a great organization, the V. F. W. and the No. 4 P. T. A. "Thanks!"

Each of our schools has its own P. T. A. this year; each has done a wonderful job in dollars and cents, in its contributions in time and effort for their children and in suggestions to the Board of Education. Keep up the good work!

The fund of money raised by the citizens of Salem for the veterans during the last war, was turned over to the veterans this past year and they voted almost to a man, to purchase and erect bleachers in the Veterans Memorial Auditorium. This contribution is accompanied by a bronze plaque which lists Salem men who were killed in World War II. The board members in behalf of all the citizens of Salem hereby "thank you" from

the bottom of their hearts for the wonderful contribution.

We in Salem, are very fortunate in having such a man as "Jon" Osgood for Superintendent of Schools. Your board members realize what a fine job he is doing and how he is improving our school system through his vast knowledge of the public school system. He has spent many hours of his own free time with things that you and I might think were non-essential. However, when we see the results of these numerous hours, we are pleased that Mr. Osgood did it his way. We are happy and pleased that Mr. Osgood will be with us next year in Salem. Thanks a million Superintendent Osgood from everyone in Salem!

In closing, the board extends our thanks to all the school personnel—including lunch room workers, our full time and part time janitors, Mr. Davis, Mr. Ball and all our wonderful teachers, and to all our citizens who by suggestions and criticisms have helped us in any way to give to our children in Salem the variety of education which they need badly in our troubled times.

Respectfully submitted

CLARENCE MERRILL,  
Chairman

GEORGE HIGGINS  
MARJORIE ROULSTON

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

America's Tomorrow May Depend On What They Learn To-day. The Active Interest Of All Citizens Is The Foundation Of Any Good School System.

To The School Board and Citizens Of Salem:

It is with pleasure that I present my second annual report as Superintendent of your Schools. This report is made under the heading listed below, and will be followed by reports of the School Principals, the Physical Education Director, the Principal of the High School, the English Department, the Music and Art Supervisors and of the School Nurse.

1. School Enrollment
2. School Housing
  - A. Elementary
  - B. Woodbury High School
3. Transportation
4. Personnel and Teaching Assignments
5. The Curriculum and Special Services
  - A. Books and Other Teaching Aids
  - B. Shop

C. Automobile Driving Instruction

D. Testing

E. Clinics

6. Finances

A. State Aid

B. Proposed New Construction and Possible  
Effect on Tax Rate

C. Teacher Supply and Proposed Salary  
Schedule

7. Community Organizations and the Public

8. Recommendations

1. SCHOOL ENROLLMENT

In September 1951, the total enrollment of 994 pupils showed an increase of 55 pupils over the September 1950 enrollment of 939. As was noted in the last annual report, the September 1950 enrollment of 939 represented an increase of 125 pupils over that of 814 of the previous year (September 1949). The predicted future school population continues to indicate substantial gains during the coming years—the tabulations in this report show the evidence.

The following tabulations indicate the total number of children by schools, home rooms, and by grades as of September 1951:

School	Teacher	Total Enrollment	G 1	R 2	A 3	D 4	E 5	S 6	7	8	Number Transported
No. 1	Mary Valeska*	111		35							25
	Elizabeth Ells				35						
	Caroline Canty					41					
No. 4	Madeleine Little*	35		8	13	14					24
No. 6	Nita Chute	126		43							26
	Velma Smith				27						
	Marion Gordon*					29					
	Joan Paul						27

School population in Salem is again exceeding its building capacity. As may be noted above, we cannot allow for a proper teacher-pupil ratio. Table (at the end of this report) indicates that Salem has increased in total population 47.1% since 1940 and with 3 exceptions this increase is the greatest of any community in Rockingham County. Although our increase of 35.6% in school population has not kept pace with the increase in total population, the following tabulation of the total numbers of children in Salem as of September, 1951, by age groups indicates that school population will continue to increase. The present numbers of children below 6 years of age average 98 in each age group as compared to an average of 75 in each of the 11 to 16 year age groups.

## SCHOOL CENSUS—SEPT. 1951

Age	No. of Children	Age	No. of Children
Below 1 yr.	110	9	112
1	87	10	91
2	94	11	67
3	98	12	88
4	84	13	80
5	116	14	71
6	110	15	63
7	99	16	83
8	100		

Our State Department of Education has stated that: "Classes exceeding 30 pupils provide most limited educational experience and growth.

1. Any class exceeding 40 pupils shall be divided, or
2. Classroom space permitting, a teacher assistant shall be provided, or
3. Application shall be made to the State Board of Education for permission to operate half-day programs."

In all rooms with two or more grades per teacher, the number of pupils per teacher should not exceed 25.

## 2. SCHOOL HOUSING

## A. ELEMENTARY

In order to properly care for the present over-enrollment in the elementary schools

next year and to allow for another room for anticipated increases next year, it would seem that 2 or 3 additional classrooms would be required for the elementary grades in September, 1952. The School Board has spent considerable time and energy on the problem of school housing and is recommending an addition of 4 classrooms to the Central Elementary School.

#### B. WOODBURY HIGH SCHOOL

According to the present number of 40 high school seniors, as compared to 82 in the 8th grade, there will be a definite increase of some 35 pupils in the high school next year, and will therefore necessitate an additional classroom and an additional teacher in that building. It is possible that by providing the necessary equipment, the front entrance to the high school building could again be used as a classroom as a **temporary measure**, or after the addition of four rooms to the Central School, a room in the Central building could be used for high school classes. It would appear that the ultimate answer, to the increasing enrollment in the high school, is a new high school building or an addition to the present building.

The new audio-gymnasium is being used practically all of the time during the school day as well as many evenings during each week throughout the year. In addition to the innumerable uses by athletic teams and by various groups in physical education as mentioned in Foster Ball's excellent report, it is used by various groups of elementary

children during their recess periods in inclement weather or when the school playground area is "flooded" and not suitable for use.

### 3. TRANSPORTATION

This phase of our total school operation has increased proportionately during the past few years even more than the school population. The chief reasons for the great increase in the transportation is because of consolidation as well as the increase in total numbers of children. Mr. John Appleyard continues for the fourth consecutive year to provide excellent transportation. We are now using three 60-passenger busses and are transporting a total of 540 pupils per day. It is anticipated that with the expected increase in school population that a fourth bus will be needed next year. The three busses being used this year are loaded to capacity and now require many young children to leave home shortly after 7:00 a.m., some do not arrive home until nearly 4:00 p.m.

### 4. PERSONNEL AND TEACHING ASSIGNMENTS

Since the last school year the Salem School Department has had what is undoubtedly the largest teacher turn-over in recent years. With a change in 9 of the 13 positions in grades 7-12 and in 4 positions in the first 6 grades, and of 2 additional teachers in grades 7-12, approximately 40% of our total school personnel are new to their respective positions. By having a reasonable salary budget with which to work, several of the excellent experienced teachers who left Salem for more remunerative positions were replaced by outstanding

teachers who were beginners or teachers with limited experience. The only teachers who returned to the high school faculty were Principal Wendell Davis, Mrs. Ann Emilio, and James O'Connor. Foster Ball, who had been teaching full-time in the Junior High School, was relieved of many of his teaching duties in order that he could spend more time with the many problems involved in his position as Assistant Principal of the High and Central Schools and with his coaching of high school football and basketball.

In the elementary grades, changes have occurred as follows: At No. 8 School, Mrs. Elsie Ingalls of Methuen was employed to replace Mrs. Velma Smith who was transferred to the 2nd grade at No. 6 School. Mrs. Ingalls is an experienced teacher with several years of experience in the Methuen, Massachusetts system. Mrs. Smith replaced Mrs. Anna Peltonen who completed the year as a result of the resignation of Mrs. Virginia Young.

To replace Mrs. Mildred Howlett in the 1st grade at No. 6, the Board employed Mrs. Nita Chute of Salem who taught at Derry during the past school year. In the 2nd grade at No. 1 School, Mrs. Elizabeth Ells of Salem, a graduate of Nebraska Wesleyan College, and who had had  $2\frac{1}{2}$  years of experience in Nebraska, replaced Miss Thelma Brand who accepted a position in Lawrence, Massachusetts, after having served faithfully and efficiently in Salem for a period of 5 years.

To replace Mrs. Venita Johnson who resigned in February, 1952, for personal reasons, the School Board employed Mr. Dennis Murphy of Lawrence, Mass. Mr. Murphy is a graduate of Boston Univer-

sity and has had practice teaching experience in Brookline and Reading, Massachusetts.

All teachers attend the Salem and Supervisory Union teachers' meetings which are held during the year as well as the 2-day State Teachers' Convention. Many Salem teachers are continuing to improve their teaching proficiency by continued study at Boston University, Lowell Teachers' College and the University of New Hampshire. Ten Salem teachers completed the course in Teaching of Elementary Science which was taught at Salem during the latter part of the last school year, and several have indicated that they will take the Course in Guidance which is scheduled to start at Salem on February 11.

The present faculty in Salem is capable, cooperative, conscientious, and has the necessary enthusiasm to help to offset the fact that so many are new to their present positions. It is felt that the faculty is doing all that could be done in the present situation of large enrollments and heavy work loads. All principals and regular and special teachers should be commended for their excellent attitudes and untiring efforts.

Tabulations included in this report indicate the many instances of overcrowded conditions for best educational results. It will be noted that primary rooms have as many as 43 pupils in one first grade and 40 or more children in 3 grade combinations per teacher, as well as of over 40 children in several individual rooms in the new school. The proposed budget for 1952-53 provides for extra elementary teachers to care for expected increased enrollment as well as for some of the most heavily loaded rooms that now exist.

In any room with two or more grades per teacher, the number of pupils per teacher should not exceed 25.

## 5. THE CURRICULUM AND SPECIAL SERVICES

In the elementary schools, our teachers continue to stress the fundamentals and are alert to take advantage of every possible opportunity of broadening the curriculum in the social and natural sciences. Instruction in vocal music and art and supervised playground activity continue to be a part of the total curriculum.

We are attempting to play a significant part in the advancement in physical welfare. The School begins in early years to lay the basis for good habits of sleep, eating, and exercise. Coordination of health services in home, community, and school from birth to graduation is the first step toward a sound health of our children.

As a result of the First Aid Course for teachers which was sponsored during the fall months by the Lawrence, Massachusetts American Red Cross Chapter and taught by Mr. Edwin C. Brown, Volunteer Chairman of the First Aid Division, and his able assistant, Miss Lauretta Morency, all children in Salem are now receiving regular and well planned instruction in first aid from their respective teacher.

For the first time, instrumental music, for those children who wish to pay for their instruction, has become a part of our total school offerings. Approximately 45 children are now receiving regular

instruction on various band and orchestral instruments under the able direction of Mr. Joseph Pulvino of Lawrence, Massachusetts. We have just received a number of good brass instruments on a donation basis from government surplus. It is hoped that instrumental music will become a regular and important part of the school curriculum in Salem.

Considerable discussion during the past months has pointed to the need for (the proposed budget makes necessary provisions) a remedial teacher for the elementary grades for the next school year. This teacher would be scheduled to go from school to school working with small groups of children who are not working up to grade standards. A remedial program is a well-rounded part of any instructional program; it casts no reflections on the instruction that has been carried on previously in the school system.

#### A. BOOKS AND OTHER TEACHING AIDS

With a fairly reasonable budget, it has been possible to improve the supply of teaching aids in spite of the unexpected increase in enrollment during the past year.

In the High School, in addition to replacements of several sets of worn out and outdated books, we have added speech books to our sets of texts. This phase of work has been neglected in many schools in the past years and is one of the areas in which we are placing considerable concentration throughout our system.

New spelling texts have been added to the middle elementary grades with hopes of

providing them in the upper and lower grades during the coming year as the budget permits. Handwriting methods are being investigated and plans are under way to continue the coordination and improvement of the instruction in this important field. As a result of the increased importance of science in our daily living, that subject is receiving special attention from the first grade through the High School.

## B. SHOP

Shop work for boys is a subject which has been recommended over a period of years by educators in Salem and which was discussed in some detail in the Annual Report of the Superintendent last year. **Salem Is One Of 15 Schools Out Of A Total Of 82 New Hampshire Schools That Offers No Shop Work!**

A desirable shop area might be constructed on the east side of the present High School building where the wing of the older part of the building and the side of the new gymnasium-auditorium could serve as an end and a side of the new area. By building onto the present construction as suggested above, the shop would be approximately 25' x 60'.

A cursory survey of the present eighth and ninth grades shows that about 40 boys in those grades would be interested in taking shop next year if it is available; the number of 7th and 8th grade boys who would take shop would be about 80.

**Total Number of Boys and Girls Graduated from  
Woodbury High from 1938 to 1951**

Year	Total	Girls	Boys
1938	37	21	16
1939	40	28	12
1940	41	29	12
1941	41	30	11
1942	48	28	20
1943	33	26	7
1944	28	21	7
1945	20	14	6
1946	28	15	13
1947	32	18	14
1948	29	18	11
1949	29	20	9
1950	29	21	8
1951	38	19	19

A cursory survey of our school records covering the past 10 years indicates, as shown in the following table, that many boys who were not college-minded have dropped out of school. High school graduating classes during the past years have consistently included many more girls than boys.

**Drop-outs and Transfers**

1940-1950                      Girls    Boys    Total

No. pupils who left W. H. S. after entering Grade 9 and before graduation	118	171	289
No. pupils who left because of moving to another school area	56	59	115
No. pupils who left for other reasons	62	112	174

The above facts would indicate that our present school offerings are not keeping in school many boys who are entitled to at least 12 years of public education and would, when comparing figures with those of other New Hampshire high schools, tend to prove that shop work would keep boys in school.

From a study made by the United States Office of Education of high school subjects offered in the 1948-49 school year, the greatest percentage increase in enrollments was in Home Economics and Industrial Arts. Working with tools and materials has a great appeal for boys just as home-making has for girls.

### C. AUTOMOBILE DRIVING INSTRUCTION

We are fortunate to be able to continue the Driver Training Course which was inaugurated two years ago as a part of the high school offering. Through the cooperation of the Smith Motor company of Lawrence and of the A.A.A., it has been possible for the school to have the use of a 1951 Chevrolet sedan—equipped with dual controls—for driver-training work.

Several studies have shown that **trained** high school age drivers are involved in only half as many traffic accidents as are the **untrained**. During the past school year, Woodbury High School students received regular “on-the-road” instruction. Safety

practices on the playground, the streets, at home and at work are being taught in our schools. That accidents to children during the last several years have decreased throughout the country, while those to adults have increased, is attributed to increasing emphasis upon safety education.

#### D. TESTING

The testing program which is being continued in the elementary grades makes it possible for each teacher to know the relative mental ability and achievement of each of her pupils. It is only through a knowledge of the mental ability of each pupil that a teacher can diagnose his difficulties and thereby teach with the greatest efficiency.

Although the testing program in the Woodbury High School should be expanded, Principal Davis carries on a rather extensive program in limited fields. (A detailed explanation is included in his report) At the present time plans are underway whereby each High School Sophomore will receive a complete diagnostic achievement type of test under our own sponsorship, in cooperation with our State Department of Education and the University of New Hampshire. One of the great advantages of using the above mentioned services is the use of special machines which are used in scoring the rather extensive tests and thereby saving much already over-taxed teacher time and energy.

## E. CLINICS

Several elementary children through the excellent cooperation of their parents have been taken to the Boston University Educational clinic for expert diagnosis of reading difficulties. Through the efforts of our school nurse, Mrs. Soule, children have been taken to psychiatric and mental hygiene clinics when individual cases have warranted it; such specialized services are necessary in order that regular teachers may work with all pupils to the greatest effectiveness.

## 6. FINANCES

Since the entrance of this country into World War II the amount of money expended each year for public education throughout the country has shown substantial increase over the preceding year. This general trend has been true also in our own town. It should be noted, however, that the actual purchasing power of expenditures has not shown corresponding increases.

Costs of materials and commercial services continue to increase with a resultant effect on our school costs. The new budget includes larger amounts for books, supplies, tests, and other instructional materials to cover increased costs as well as to provide for larger enrollments.

## A. STATE AID

As a result of the last State Legislative session, Salem is now receiving (for the 1951-52 and the 1952-53 school years) \$11,821.80 school state aid money; during the previous two-year period Salem did not receive any state aid for education.

A chief reason for Salem receiving the above amounts is because of a new formula adopted by the State Legislature for the distribution of State Aid to school districts for the 1951-53 school years.

Salem with an Average Daily Membership of 905 pupils (for the 1950-51 school year) was 14th from the largest school district in New Hampshire in Average Daily Membership in the public schools.

From figures received from our State Department of Education on February 12, 1952, we find that the Salem cost per elementary pupil for the 1950-51 school year was only \$129.32 for current expenses as compared to the State Average of \$179.93 (including total school district expenditures with the exception of district debt and capital expense). The above figures indicate that Salem's cost per elementary pupil is among the **eight lowest** of the 237 districts of New Hampshire.

Of the 80 school districts in New Hampshire that maintain public high schools, the cost per high school pupil in Salem for the

1950-51 school year is among the **four lowest**. The cost per high school pupil in Salem was approximately \$200 as compared to a state average of \$280.95.

The total number of tuition pupils registered in the Salem schools for the past five years, was as follows:

YEAR	FROM	No. of Pupils		
		Elem.	High	
			Boys	Girls
1951-52	Atkinson	1	1	3
	Windham	1	1	6
1950-51	Atkinson	1	1	2
	Windham	0	0	7
1949-50	Atkinson	2	2	3
	Windham	0	2	6
1948-49	Atkinson	8	2	1
	Windham	0	1	6
1947-48	Atkinson	4	2	1
	Windham	0	1	6

Salem received \$200 tuition for High School pupils for the 1951-52 school year.

#### B. PROPOSED NEW CONSTRUCTION AND POSSIBLE EFFECT ON TAX RATE

The possible debt limit of the Salem School District is 8% (with special permission of a commission created by recent state legislation) of the present valuation of \$ 5,711,820      = \$ 456,945  
 Present indebtedness of the School District      =      213,000

---

Present borrowing capacity      \$ 243,945

Proposed projects (as provided for in the School District warrant and to be acted upon at the annual School District meeting).

Additional classrooms to the Central School	\$ 45,000
Addition to the High School —for shop facilities	23,000
	<hr/>
	\$ 68,000

If the District should borrow an additional \$68,000 for a 20-year period, the annual payments that would be required for the principal and interest would decrease from approximately \$5,000 in 1953 to \$3,000 in 1973.

An examination of the annual assessed valuation of Salem for the past 5 years indicates a rather even increase of from a little over \$400,000 between 1946 and 1947 to an increase of over \$500,000 from 1950 to 1951. There has been a total increase of 74% in assessed valuation since 1940.

The school enrollment between 1940-41 (733 pupils) to the September, 1951, enrollment (994 pupils) has increased 35.6%.

Based on the assessment, valuation and tax rates (\$45.00 and \$50.40) for the past two years respectively, there would be from 18 to 20 cents increase in tax rate for each \$1,000 increase in the annual budget. An increase of \$70,000 in the district debt would therefore amount to \$1.00 or less in increase in the tax rate per year over a 20-year per-

iod. On the basis of a 15-year loan of \$70,000 there would be a total saving in interest of an estimated \$6,000; the tax rate might be increased by as much as \$1.20 per \$1,000 per year. Payments would decrease each year from approximately \$6,000 in 1953 to \$5,000 in 1966.

### C. TEACHER SUPPLY AND PROPOSED SALARY SCHEDULE:

The following quote from correspondence dated January 25, 1952, to New Hampshire superintendents and school board members from our Commissioner of Education states that,

“The State Board of Education is greatly concerned about the most crucial problem of public education today—that of providing our children with well qualified teachers. Although our State Teachers Colleges will graduate this June the largest number of elementary teachers in years, the great nation-wide teacher shortage plus an increase of some 3,200 elementary pupils in September, 1952, will place our New Hampshire Schools in the most critical situation since the war.

One solution to the problem is to reduce in this state the large teacher turnover which is approximately 10%. In a recent study our superintendents estimated that New Hampshire loses annually to neighboring states some 57 elementary teachers and 50 high school teachers. This is a ter-

rific loss to a state as small as New Hampshire.

Two of the best ways to halt this trend and to set about holding our good teachers in New Hampshire, as well as recruiting young people to enter the profession, are to pay adequate salaries based upon a definitely established salary schedule and to provide satisfactory conditions of employment. Therefore, it is suggested that local school boards act at once to develop a salary schedule or guide for their school system. Teachers, superintendent, principals, and representatives from the public should be invited to participate in the process. The State Department of Education will be glad to assist also. Local school boards which have already developed and adopted salary schedules can testify to their value and improved morale building results."

A salary schedule is directed toward:

1. The improvement of instruction and educational service throughout the school system by:
  - a. Providing the means of attracting the more capable teachers.
  - b. Reducing teacher turnover by making known the limits to which his salary can go.
  - c. Developing professionalization.

- d. Increasing the attention to personnel growth within the staff.
2. The improvement of professional morale by insuring all members of the instructional staff fair and equitable treatment. Under this "schedule" staff members will be reasonably sure of receiving a salary which is at least approximately equal to that received by others with the same status of educational training and service.
3. The improvement of school management by providing for more budgetary control. The Salary Schedule Guide is a valuable device in assisting the administration to estimate expenditures in advance.

## 7. COMMUNITY ORGANIZATIONS AND THE PUBLIC

In response to an invitation by the School Board, fifteen representatives from the six Salem Parent-Teacher Associations attended a regular meeting of the School Board on December 18 and participated in a general discussion on the preliminary budget for the 1952-53 school year. Several requests were made for repairs and improvements in the various schools and the group gave general approval to such suggested additions and improvements to our school system as an additional bus, a full-time nurse for the Salem Schools, a helping-teacher, a school shop program and additional classrooms.

Representatives from all Salem Parent-Teacher Associations met with the Board on January 29,

1952, to discuss in detail the proposed budget for 1952-53. It is through this democratic procedure on the part of the Board and through the interest of the Parent-Teacher Association representatives that the Board may better include in the budget what the people want for their schools in the coming year.

Individually, the Parent Teacher Associations have made many tangible improvements in the various school areas. All other organizations are to be thanked in behalf of the children for their co-operative efforts as are various individuals who have contributed time and money for such things as improved facilities in the buildings and for donations of such things as pianos and motion picture films for classroom instruction.

Some of the projects which have been carried on during the past year and have been of great value to the children of Salem are: one bus load of children taken to Shriner's Circus at Boston (John Appleyard), milk for underprivileged children at the No. 4 School (North Salem Parent-Teacher Association), milk for underprivileged children in all other school areas (Veterans of Foreign Wars), Talent Night—proceeds from which are to go for a school band (Salem Board of Trade)—Booster Banquet (by various community organizations).

All organizations that have contributed to the work of the schools through financial or other means deserve commendation. Results of the efforts should be evidenced by the coming generation.

During Education Week last November, 544 parents and other interested citizens visited the va-

rious schools in Salem. By schools, there were 100 people who visited No. 1; 27 at No. 4; 109 at No. 6; 24 at No. 8; 43 at No. 9 and 350 at Woodbury High School and Central. The public has indicated much interest by their attendance at all school affairs.

Programs planned and presented by the schools and/or the P. T. A. have included such speakers as neighboring Superintendents of Schools, Dr. Anna Philbrook, psychiatrist and Director of the New Hampshire Children's Clinic, and Mr. Jack Walsh, Director of Vocational Education at our State Department of Education.

During the past year we have profited by consultant services provided by our various state departments. From the State Department of Education the following people have visited in this area at our invitation on various subjects according to their respective fields:

Dr. Hilton C. Buley, Commissioner of Education  
(Supervisory Union Meeting at Hampstead on December 11, 1951).

Dr. Harold Hyde, Chief, Division of Educational Research (Area meeting of School Board members and others at Hampstead on January 29, 1951, for a general discussion of state aid to schools.

Dr. Alice Baumgarner, Director, Art Education.

Miss Madeleine E. Bartell, Director, Elementary School Services.

Miss Ruth Cutter, Director, School Lunches.

Mr. Howard E. Swain, Director, Trade and Industrial Education.

Miss Verna Payson, Director Home Economics Education.

Mr. Curtis R. Breshnahan, Director, Child Welfare Services.

Mr. Paul E. Farnum, Chief, Division of Administrative Services.

Mr. Earl H. Little, Director, Agricultural Education and Acting Director, Distributive Education.

Mr. William F. Glavin, Supervisor, Vocational Rehabilitation.

We have had consultation and visits with representatives of the office of the New Hampshire State Fire Marshal and of the State Board of Health; in each case, every school in the Supervisory Union has been visited by these representatives accompanied by the superintendent. Reports have listed various suggested improvements which the various School Boards are correcting as finances will permit.

Children of today are 'Better'! It would be of interest to the critics of our present day schools to learn that Dr. William Burton of Harvard University has recently made the following declaration in an editorial in the Boston Herald:

"The children today are not merely better than those of 20, 30 or 50 years ago. They are very greatly better. Over 275 controlled studies have been made yielding mathematically precise evi-

dence. One of them in New York City was carried on for 6 years, involving 69 elementary schools and approximately 60,000 children. All the studies in the past 30 years have been made either by regular classroom teachers or with their collaboration..... Criticism of the three R's has been going on for several centuries, being accelerated in all periods of social crisis. The 'Boston Herald' commented editorially in 1894: 'It is really a rare thing to find young people at from 15 to 19 years of age who can write or spell out of the common, or prepare a composition correctly.' The late Commissioner Butterfield of New Hampshire compiled statements from school committee reports in 50 New England towns covering a period of 96 years. Each generation asserts positively that the schools do not do so well as they did '20 years ago'."

Education is a business enterprise; it is the biggest in America. It deals with a product which is closest to the heart of the people and it has a responsibility equalled by no other business.

Your School Board, superintendent and teachers are always receptive to constructive suggestions for the betterment of the schools.

Your Parent-Teacher Associations have taken healthy progressive stands for improvements.

## 8. RECOMMENDATIONS

In closing, I wish to present to the public the following recommendations:

In view of the facts presented in the foregoing tabulations and discussions, it is recommended that immediate action be taken to provide:

1. A 4-room addition to the Central school.
2. The much needed shop facilities.
3. A physical examination by a medical doctor for each child in the Salem Schools at least 3 times during his 12 years of school attendance.
4. A salary schedule for all district employees.

It is suggested that the District plan on the following additions and improvements as soon as possible:

1. A full-time physical education director who would work with all teachers and children in Salem.
2. Replace the outmoded unadjustable pupils' seats and desks that are still in use.
3. Provide a kindergarten for all 5 year old children and change the entrance age requirements for first graders from 5 years and 6 months to 5 years and 4 months.

In conclusion, I again thank the School Board, school personnel, students, parents, and community organizations for their continued cooperation in making the work of our schools enjoyable and successful.

Respectfully submitted,  
Jonathan A. Osgood

### School Enrollment In Salem From 1934-1951

Year	Total	Elem.	High school
1934-35	727	551	176

Good Friday	April 11th
Memorial Day	May 30th

### Days Credited For Professional Improvement

State Teachers' Convention    October 18th and 19th  
 By ruling of the State Board of Education,  
 schools must be in session for 180 days.

## REPORT OF THE PRINCIPAL

To Mr. Jonathan Osgood, Superintendent of Schools

I hereby submit my annual report as the principal of Woodbury High and Central Elementary Schools.

There have been several changes in the teaching staff during the year. In the high school Mr. Emery Flavin, a graduate of Bates College with teaching experience at Hampton Academy, is teaching English and Social Studies.

Miss Jean Leone, a recent graduate of Boston University, is teaching commercial subjects.

Mr. James Balentine, a graduate of Bates College, is teaching mathematics.

Mr. Richard Mason, a graduate of the University of New Hampshire, with a Master's Degree from the same institution with teaching experience at Hoosick, New York is teaching advanced Math and Science.

Mr. Harland Skinner, a graduate of Nebraska Central College, with a Master's Degree from the University of New Hampshire, has been added to the Science Department. Mr. Skinner has had several years of teaching experience in Nebraska, Massachusetts and New Hampshire. He is teaching Biology and General Science.

Mrs. Dorothy Bugbee has returned to teach English and Sociology. She has had many years of successful teaching. She is a graduate of Plymouth Teachers' College.

Mrs. Mildred Monroe, a graduate of Jackson College, is teaching English and Foreign Languages. She had many years of successful teaching experience in the Methuen school system.

In the Junior High there have been four changes:

Miss Ruth Berglund with teaching experience at Hartland and Guilford, Maine is teaching English and Social Studies. Miss Berglund is completing work for her Master's Degree at Columbia University. She is a graduate of the University of Maine.

Mr. Edwin Buffington a graduate of the University of New Hampshire with a Master's Degree from the same institution with experience at Elliott, Maine and at Eagle, Colorado is teaching Math and Science.

Miss Alice Chorebanian, a graduate of the University of Massachusetts, is teaching English and Social Studies.

Mr. James Ordway, a graduate of Plymouth Teachers' College, is teaching Math and Science.

All of the above teachers have extra-curricular responsibilities and club assignments in addition to their teaching load.

I believe that our present staff is one of the most cooperative and potentially strong faculties in the history of Woodbury and Central Junior High Schools. What they lack in experience is offset by a willingness to devote extra time to the pursuit of their duties and the ability to get along with their fellow beings.

There have been no changes in the elementary grades of the Central building. We are fortunate in having such experienced and capable teachers in this department.

All teachers have availed themselves of our audio-visual equipment whether by the use of our movie projector, film strip projector, or tape recording machine. Many more films than usual have been presented to the pupils of both buildings. Films on health, safety, occupations, home economics, science, geography, and similar subjects have been very popular.

Trips have been taken to Concord to visit the legislature and the state prison. In Lawrence visits were made to the water works, to the business college, to the newspaper plant, to furniture and electrical shops. In Boston visits were made to the Science Museum and some English classes saw the play "Seventeen." Trips were also made to Whittier's birthplace, to Benson's Wild Animal Farm and to local business concerns.

I am happy to announce that the Senior class will go to Washington, D. C. on their class trip. This should be very educational.

The teachers have been improving themselves professionally and have been taking extension courses and first aid courses. The School District has made it possible for them to visit other schools while in session. This is a step forward in our in-service training. It also has been made possible for teachers to attend regional conferences in their special fields. The Principal of Woodbury and Central Schools was sent to New York to attend the

national meeting of secondary-school principals and reports that it was worthwhile to discuss problems with the leading educators from all parts of the United States.

The total enrollment for the year in both buildings has been 623 with the present enrollment at 595. This is an increase of 62 pupils over last year.

The following is a table of enrollment by classes:

Grade	Total Enrollment	Discharge	Present Enrollment
12	43	2	41
11	59	3	56
10	62	3	59
9	83	7	76
8	86	3	83
7	81	3	78
6	59	0	59
5	73	4	69
4	77	3	74
	<hr/>	<hr/>	<hr/>
	623	28	595

Many discharges can be traced to a lack of Industrial Arts in the curriculum.

There are 10 tuition pupils; 6 are from Windham and 4 are from Atkinson.

Of the thirty-eight graduates of the Class of 1951:

4 entered the University of New Hampshire,  
Durham, New Hampshire

- 4 entered McIntosh Business College, Lawrence,  
Massachusetts
- 1 entered Endicott Junior College, Beverly,  
Massachusetts
- 1 entered the University of Virginia, Charlottesville,  
Virginia
- 1 entered Tilton Preparatory School, Tilton,  
New Hampshire
- 1 entered Boston University, Boston, Massachusetts
- 5 entered the armed services
- 1 entered the Providence Bible Institute, Providence,  
R. I.
- 1 entered Westminster College, New Wilmington,  
Penn.
- 7 entered nurses' training schools

Most of the rest have entered the fields of industry.

Those who are continuing their formal education are doing creditable work and they reflect the serious effect of the school to give suitable training for those who are seeking post-secondary education. Several were given substantial scholarship help due to their outstanding records at Woodbury and their college work justifies such confidence.

The value of our activity period is becoming more in evidence during each year. Many of our music graduates under the very able leadership of Mrs.

Eva Thompson are making a name for themselves and the school in many colleges. The activity period which is becoming more popular throughout the nation is nothing new at Woodbury. This co-curricular emphasis is essential for the all-around development of the student.

Two of the clubs which have become very popular this year are boys cooking and leather craft. In the former club the boys have become very efficient in the culinary art and in the latter club the students have made many wallets, key cases, belts, etc. Other clubs that the students have had an opportunity to take are: Boys' and Girls' Glee Club, Art, Chess, Photography, Public Speaking, Literature, Handwork, Science, Dancing, Dramatics, Slide Rule, Projector, Math, Business and Physical Education.

This year for the first time a Future Homemakers of America Club has been organized and we have become affiliated with the State and National Future Homemakers of America.

The Junior High has adopted the core curriculum. English and Social Studies are taught together. Math, Science, and Health are presented as a unit. This change has been very beneficial. The pupils stay with their teachers for a longer period and there is less confusion and the change from grade six is not as abrupt.

All grades have placed more emphasis on our national holidays and have brought to the foreground the importance of good citizenship and the necessity of maintaining the American Way of Life.

Driver Education has again been offered to Woodbury High School students. Two of our new teachers Mr. James Balentine and Mr. Richard Mason have qualified as instructors. We feel that this course helps materially in promoting safety on the highways.

Woodbury High School is now a member of the National Honor Society and last year 16 students became charter members. Each year a full quota of students will be elected.

The guidance and testing program which has been so worthwhile has been continued. The school has availed itself of the Boston University Testing Service, the University of New Hampshire Service, the Metropolitan Achievement and the Otis Intelligence tests. The results of these tests have helped in guiding the pupils in their choice of curriculum and in their post-graduate work.

We plan to continue our career and curriculum days which were so well received last year. Career days give an opportunity for the students to hear outstanding men who come to Woodbury and give the students the benefits of their experiences.

Curriculum days were for the eighth graders who were given several talks by the heads of the departments at Woodbury in order to facilitate the selection of a course of study in high school.

The senior play, Ghost Wanted, was well received this past fall and we are looking forward to a pops concert, a junior high operetta and the annual Noyes Dramatic Contest in the spring.

Several issues of the Ray, the school paper, have appeared and have been received with much favorable comment. The seniors will publish the annual yearbook. The Student Council has become affiliated with both the National and State Councils and with such leadership has become a more active and worthwhile group.

The cafeteria which was equipped last year by the efforts of many community organizations has received much favorable comment throughout the state. A complete story will soon be published about our cafeteria in a national magazine. Mrs. Ann Emilio and her able assistants need to be congratulated for their fine work.

All the people of Salem need to be given a "pat on the back" for their fine cooperation in promoting school activities. The Booster Banquet, the various P. T. A. endeavors, the Board of Trade Talent Night are examples of what is being done.

It is the hopes of the school officials to have a school band in Salem. The first step in this direction has become a reality. Group instruction in instrumental music is now offered and a fund has been established for instruments.

I believe one of our most progressive and far-reaching innovations has been the parent-conference nights. These opportunities for parents and teachers to get together and discuss mutual problems and to help each other may be the salvation of our educational system. There must be complete cooperation between the two groups. Each one has a responsibility and both can exert a tremendous influence. I would like to plea for a better

understanding of parents to the teachers' problems and the need for more supervision in the home of the school population not only in developing proper study habits but proper attitudes.

Recommendations:

In conclusion, the following recommendations are offered for consideration:

1. That the School District adopt a salary schedule for employees. This is extremely necessary in order to retain our stronger teachers and in consequence give a better education to our school children.

2. That Vocational Education be provided for boys in grades 7-12. A room can be added to the southeast corner of Woodbury where one can benefit from two walls of our present building. Eventually we should have shop, auto mechanics, and metal work.

3. That a breezeway be constructed between the Woodbury and Central buildings for passage during inclement weather. This can be constructed at a minimum cost with glass partitions. At the present time all Central children use the Woodbury gym for assemblies and physical education in the winter. The Junior High girls go to Woodbury for home Economics. The Woodbury students go to the Central building for hot lunches. This is sometimes done during rainy and below freezing weather. It is an extreme health hazard.

4. That the ceiling and the stage of the Veterans Memorial Auditorium be covered with cello-tex acoustic tile so that during plays, assemblies,

town meetings, community affairs, etc., those in attendance will be able to hear and to be heard.

5. That the school grounds be leveled and resurfaced in order to improve the grounds and protect the floors of the Central Building.

6. That additional teachers be provided to reduce the size of classes to a more satisfactory level. The population of Salem increased 45% during the last census and it has affected materially the school population.

I wish to express my appreciation to the teachers and the student body for their fine support. Furthermore, I wish to thank you, the School Board and the citizens of Salem for your cooperation and good will.

Respectfully submitted

WENDELL V. DAVIS  
Principal

WOODBURY HIGH SCHOOL  
English Department

We of the English Department at Woodbury are attempting to integrate and correlate the teaching in our department, beginning with the seventh and eighth grades, and continuing through the senior high school. The ultimate aim is that all who teach English will be able to work together for the promotion of superior standards for the instruction of English in our system.

We have worked out a booklet of instruction in the mechanics of form and style for all written work to place in the hands of each student at the beginning of the second semester of the current school year. It is hoped that with the cooperation of the teachers of commerce, social studies, and sciences, an acceptable style-guide for all written work throughout the school will be established.

We have also prepared a program of studies as a guide for teachers from grades seven through twelve to eliminate gaps and overlapping of instruction in grammar and literature, with suggested content and period of time advisable for the units.

Having in mind the basic characteristics of our present social order, throughout the high school we are concentrating on the improvement of speech, vocabulary enlargement, the development of broader reading interests, and fostering the growth of creative writing.

DOROTHY W. BUGBEE

## ANNUAL REPORT OF THE DIRECTOR OF PHYSICAL EDUCATION

To Mr. Jonathan Osgood, Superintendent of Schools

I hereby respectfully submit my second annual report concerning physical education activities in the Salem schools.

### I. The Present Program

A. We have made several progressive strides forward in physical education since my report of last year.

1. Cross country has been added as part of the interscholastic program at Woodbury with Mr. James O'Connor as coach. This past fall twelve boys participated, and entered four meets with other schools.
2. A Junior Varsity squad in basketball has been organized for all boys in the high school who are not members of the varsity squad. A schedule of twelve games with other schools was arranged.
3. The Saturday morning program has been extended to include all grades 1-8 with Mr. O'Connor in charge. During the fall an average of 100 boys participated each Saturday.
4. Several selected senior high school students supervise the organization of games for the Central School elementary children during their noon lunch period.

B. In addition to these four steps which have been made during the past year, our previous physical education program has continued and improved.

1. A remarkable number of students are now participating in interscholastic athletics at Woodbury High School. In varsity football Woodbury had the largest squad in its history with every serviceable piece of equipment being used. Forty-five boys in the high school participated in varsity or junior varsity basketball which is unusual in a school with only 88 boys.
2. For the high school girls three interscholastic sports are offered, basketball, softball, and field hockey, with a large number of girls participating in each sport. The girls' teams representing Woodbury continue to compile a fine record in competition with other schools.  
Woodbury High School is very proud of its cheerleading group, under the able direction of Miss Chorebanian. There is also a capable group of Central School cheerleaders.
3. For those students not participating in interscholastic athletics two physical education periods a week were provided in the spring and fall.
4. The Junior High Program consists of two periods of physical education each week of the school year for all boys and girls in grades seven and eight. Competition is al-

so provided with other junior high school teams in touch football, basketball, and baseball.

5. Grades four, five and six of the Central School have one period (forty minutes) of organized physical education each week.

## II. Recommendations

- A. The primary weakness of our physical education program at the present time is in the elementary area (grades 1-6). To provide these children with a suitable physical education program would require the utilization of a full time physical education director.
- B. Ample playground equipment should be provided for each school. This equipment could be used during the summer months as part of a recreational program for the children of Salem, providing the proper supervision is furnished.
- C. Two periods of compulsory physical education each week should also be provided for both the boys and girls of Woodbury High School during the entire school year.
- D. Because of the large enrollment of boys in the Saturday morning program, I recommend that an additional supervisor be obtained.
- E. Physical and dental examinations should be provided for each student in the Salem school system. As a result of the physical examina-

tion, the physical education director would, in some instances, be able to provide corrective exercises.

Respectfully submitted

FOSTER H. BALL  
Director of Physical  
Education

## REPORT OF NO. 1 SCHOOL

During the winter session of the school year the children of the No. 1 School took several field trips. After the study of dairying and farming, a trip was taken to Mr. Turner's Farm. Shortly afterwards a trip was taken to Mr. George Higgins Poultry Farm.

As a result of a science course which most of the Salem teachers took, the third graders installed an electrical bell in the first grade room to notify Miss Valeska when she was wanted on the telephone. Many other interesting scientific experiments were carried out by the children under the teachers' guidance.

Last June the Parent Teacher Association sponsored a trip for the pupils of the No. 1 School to Benson's Animal Farm. This trip proved not only enjoyable but very educational. Early this fall the children visited the Tenney Farm, famous for its prize cattle.

After concluding the study of leather and its uses, the third grade, under the supervision of Mrs. Caroline Canty, visited the Jenrose Shoe Factory observing the cutting room and the process of making shoes through to the packing room.

Other interesting field trips correlating with the school work of the children are being planned. The new sink providing added drinking and washing facilities is very satisfactory.

The Parent Teacher Association sponsored a Christmas party for the children at the Town Hall;

Santa Claus arrived following the special program presented by the children.

MARY VALESKA  
Principal

#### REPORT OF THE NO. 4 SCHOOL

Some of the school activities of the No. 4 School which have been carried on by the children in addition to the more usual school work, have consisted of:

Christmas Mural — used as curtain for the Christmas party; artificial flowers made and arranged as corsages for Mother's Day; a visit to Benson's Animal Farm; construction of puppet clowns; and construction of a zoo in correlation with the trip to Benson's.

Parent Teacher Association activities at the No. 4 School have consisted of the following events: Halloween party for the children, a Christmas party at the school, free movies for the children, trip to Benson's Farm, free milk for needy children in this school; they conducted auctions at Christmas and during the summer, purchased film strip on health, purchased additional musical instruments, records and sheet music for rhythm band.

MADELEINE LITTLE

#### REPORT OF THE NO. 6 SCHOOL

No. 6 School has benefited greatly this year through the efforts of the newly formed Parent

Teachers Association. They have provided a fine clothes rack for the lower grade children and a much appreciated sandbox. Also they have made it possible for the children to see approximately fifty educational films, rented from the University of New Hampshire, and shown on projectors loaned by the members.

Many interesting class activities have been carried on this year. Grade I has had an excellent unit on pets, during which many pets have visited school with their young owners. Kindness to animals has been stressed.

Both the second and third grades have enjoyed interesting Indian units with accompanying art and music guided by Mrs. Roth and Mrs. Thompson. The children of the third grade culminated their unit by inviting the third grade of No. 1 school to be their guests for a program and lunch which was enjoyed by guests and hosts.

Grade IV has again developed a fine Dutch unit with much related activity in art and music.

A fine meeting in honor of the patrol leaders was held at the close of school last year with entertainment by the children and some amusing movies provided by the Parent Teachers Association. The teachers wish to express their appreciation for the loyalty and dependability of the young patrol leaders who do such a fine job leading their younger schoolmates home safely every day of the year.

E. MARION GORDON

## REPORT OF THE NO. 8 SCHOOL

The purpose of education is to ensure successful growth of our children.

Our aim at No. 8 School is to help the children grow physically, intellectually, and emotionally. This can be done through unit work, art, music, entertainments, club work, and field trips all correlated with the regular school work.

The Parent Teacher Association recently formed has purchased playground equipment and is assisting and encouraging various improvements in the building.

During the past year we have made field trips to Turner's Farm, the Art Building and Science Building in Manchester, the Eagle-Tribune Building in Lawrence, and Benson's Animal Farm in Hudson. We were fortunate in having Rev. Frederick Pope of Lawrence give a chalk-talk to the children in October. The children studied the history of Salem and completed the unit by making a duplicate map of the town showing the industries.

We maintain a school environment which is rich in experiences so that maximum learning may take place.

EDA CNOSSEN

## REPORT OF THE NO. 9 SCHOOL

The Parent Teacher Association of No. 9 School during the past year sponsored the following annual events: an outing at Canobie Lake Park, a Hal-

loween party at the school, and a Christmas party—including a luncheon at noon and a gift for each pupil; Coca-Cola, donated by Mr. Charles Seifert of the Coca-Cola Company was served with the luncheon. The Savings Stamp Program was continued and Rhythm Band Instruments, consisting of forty-pieces were purchased. During the month of October a telephone was installed at the school.

The primary room under the guidance of Mrs. Foss, carried on work in science through discussions, reading, field trips—making use of the community—experiments, art language and spelling. A planetarium, showing several constellations was constructed.

In the upper grade room the children, under the supervision of Mrs. Boulger constructed a pueblo village of cement during the study of American Indians. During the study of Africa this group constructed a blackboard mural of jungle life and a huge life-like giraffe, using paper as a medium.

In order to beautify the hall for Christmas, the two rooms completed a stained-glass window and two accompanying windows.

MARY W. FOSS

## REPORT OF THE ART SUPERVISOR

To Mr. Jonathan A. Osgood, Superintendent of Schools:

I hereby submit my annual report of the art activities and instructions in Salem.

The art experiences of the past five years have been a great source of both instruction and activities. A continuation of the fundamentals, and the creative work of the children was integrated with their subjects. When the occasion presented itself, units, murals, seasonal decoration and projects were completed.

This year, as in past years, the students' work was sent to the Director of the Fine Arts in Concord, New Hampshire, for their travel units. Some pictures and papier-mache animals were in exhibition at the Currier Art Gallery in Manchester, New Hampshire.

In cooperation with the Music Supervisor, posters were made for the part each school had in a musical presentation.

The activities at Woodbury High School are as follows: table center pieces, program covers, place cards and wall decorations created for the Athletic Banquet, painting of Western scenery and posters for an operetta, chalk drawings done for the Senior Play, the introduction of Mr. and Mrs. Santa Claus and a scene from their workshop at the North Pole was designed for the bulletin board. In the downstairs hall a pictorial story of "Twas the Night Before Christmas" were made along with metallic

snowflake patterns and window decorations. A dozen posters for the Lawrence General Hospital Aid Association Fair were made by the Junior High students. The film "World of Color" was shown to pupils of the Central Building.

The introduction of simple crafts, as well as snow sculptures completed this year's program.

In closing, I wish to thank the teachers for their cooperation and interest.

Respectfully submitted

DOROTHEA S. ROTH

## REPORT OF THE MUSIC SUPERVISOR

To Mr. Jonathan A. Osgood, Superintendent of Schools:

I hereby submit my annual report as Supervisor of Music in the Salem Schools. In working to accomplish the aims of music, which include all the aims and objectives of general education, a graded program was presented. The course consisted of rote singing, basic fundamentals of music theory, expressions of symbols, signs and their significance as applied to the composition in question.

A Variety entertainment was presented by the children of the Elementary grades in March. The untiring efforts of the teachers made this program highly successful. Three hundred pupils participated, and their presentation delighted a capacity audience. The proceeds were given to the school cafeteria.

There are three music classes in the Junior High School; grade eight, grade seven A and grade seven B. Each group presented an assembly program for the High School students and faculty. The Eighth Grade Glee Club furnished music for the Dramatic Contest.

The students of the High School Music Clubs did commendable work on the operetta, "Meet Arizona" by Cadman. The production was well received and a success financially.

Services of the Choristers were in demand. They appeared several times in Salem and three times in Lawrence. The singers meet after school for re-

hearsals, which they thoroughly enjoy. It is a pleasure working with this group, either in rehearsal or concert, as each one cooperates one hundred per cent.

The new instrumental department is not under my supervision, but I would like to say that the young people are making progress in this field. I hope in the future this phase of the musical program will extend and broaden so that Salem will have a school orchestra and band.

For your cooperation and that of the teachers, I am most grateful.

Respectfully submitted

EVA W. THOMPSON  
Supervisor of Music

## REPORT OF THE SCHOOL NURSE

To Mr. Jonathan A. Osgood, Superintendent of Schools:

As in the past, there have been no radical changes in the general policies of the school health program.

Routine visits were made to all schools to check on conditions and investigate reasons for absenteeism. I made an average of six home visits a week to discuss physical defects and other problems and to obtain a better understanding of what the school through its health work is trying to teach and do for the child.

Home visitations build up a feeling of mutual understanding, sympathy and friendliness by working together for the welfare of the child.

When parents are unable to finance corrections with their family physician, we have available Crippled Children's and Orthopedic Clinics in Manchester, both of which we have used many times during the year with excellent results.

In cooperation with Mrs. Fowler, R.N., Public Health Nurse, immunization clinics were held at Dr. Greer's office, Main Street, Salem Depot. One hundred and thirty-three children were immunized against Diphtheria. This program was sponsored by the Salem Women's Club.

Pre-school round-up for children entering school in September was held in June. The home room teacher, principal and nurse-teacher were present

to meet the parents and children. Health histories were taken at this time of registration.

In November the Tuberculosis patch test was given to one hundred eight pupils and those having a positive reaction were X-rayed at the Central School by Mr. Eugene Alden, technician for the New Hampshire Tuberculosis Association. A total of 45 in the Union were X-rayed, included students, parents and teachers. The X-rays were read by Dr. Robert Kerr of Manchester, executive director of the T.B. Association, and all were found to be essentially normal or showed healed calcified glands.

The hearing testing was done this year with the Pure Tone Audiometer. One pupil was found in the first grade with almost a total hearing loss. A hearing aid was financed for this pupil by the Salvation Army and the Red Cross. Within a short time a marked improvement was noticed in the school work and general behavior of this pupil.

The Health Education Program has been greatly augmented by the use of Audio-Visual material obtained through the courtesy of the New Hampshire Board of Health. Films such as "Nutrition For Happiness," "Clean Waters," "Bicycle Safety," "I Never Catch Cold," "It's Your Health," and many others were shown to give a background of clearly applied health information based on scientific knowledge so that the pupil might learn to take the responsibility in regards to his own health behavior.

The added school population and additional services in the health program leave less time for adequate follow-up work that many pupils would greatly benefit by. The nurse-teacher is no longer employ-

ed merely to administer first-aid or to see that sick children are transported home. She works intimately with the teacher in solving the problems of individual children. She is a close link between the classroom and the home. She is often called upon to act as an interpreter of the school program in individual homes, and to acquaint the school personnel with conditions in the home.

It is impossible to evaluate the many benefits derived from the school health program. The benefits of the program are often felt by the pupil throughout his whole life.

In conclusion, I wish to express my appreciation for the fine cooperation of the School Committee, Mr. Osgood, parents, teachers and local organizations. Without their interest and support, my work would have been quite futile.

Respectfully submitted

JESSIE R. SOULE, R. N.  
School Nurse-Teacher
